DETAILED ACTION

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-3, 9-11 and 17-19, drawn to a system for retrieving (searching) a plurality records from database using a nearest neighbor method, determining single, N numbers records and cluster records and generating recommendation based on the records, classified in class 707, subclass 3.
 - II. Claims 4-8 and 12-16, drawn to a system for record key fields partitioning and converting key field record into feature value, classified in class 707, subclass 101.
2. The inventions are distinct, each from the other because of the following reasons:

Inventions I and II are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instance case, invention I can be used for retrieving (searching) a plurality records from database using a nearest neighbor method, determining single record, N numbers records and cluster records and generating recommendation based on the records.

Invention II can be used for record key fields partitioning and converting key field record into feature value. See MPEP 806.05(d).

3. Because these inventions are distinct for reasons given above and have acquired separate status in the art as shown their different classification, restriction for examination purpose as indicated is proper.

4. Applicants are advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

5. Applicants is reminded that upon the cancellation of claims to be non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48 (b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 CFR 1.48 (b) and by the fee required under 37 CFR 1.17 (i).
